Why Finance Instead of Paying Cash?

You can get our safe and innovative power solutions without impacting cashflow or existing bank credit.

- No large upfront payment required for qualified buyers
- Easy budgeting with predictable monthly payments
- Tax deductions may be possible under Section 179
- Seasonal payments and deferred options available

**Apply confidently
knowing there
is no impact
to your personal
credit score**

Working capital and credit lines may also be available upon request.

KAPITUS
Equipment Finance

Lex Products has partnered with Kapitus Equipment Financing to provide a quick and easy financing option for our customers. Kapitus has spent close to two decades providing financing to small business owners across the US to help them meet their operations and growth needs. Qualification for financing is based on credit profiles and subject to review and final approval of a fully submitted application. Terms and conditions of specific financing are subject to credit review. Not all applicants will qualify.
